### **Your Rights Regarding Health Information Technology**

CHC/SEK participates in the electronic exchange of health information with other healthcare providers and health plans in the State of Kansas through an approved health information organization. Through our participation, your PHI (Personal Health Information) may be accessed by other providers and health plans for the purposes of treatment, payment, or health care operations.

Under Kansas law, you have the right to decide whether providers and health plans can access your health information maintained at a health information exchange (“HIE”). You have two choices. You can permit authorized individuals to access your PHI maintained at an HIE for treatment, payment, or health care operations. If you choose this option, you do not have to do anything.

You can choose to restrict access to your PHI maintained at an HIE by submitting the required form to the Kansas Health Information Exchange at <http://www.khie.org>. Your restriction does not prevent access to your PHI maintained by an HIE for purposes of obtaining information about certain communicable diseases or suspected incidents of abuse by authorized individuals. Your decision to restrict access of your PHI maintained at an HIE does not prevent permissible uses and disclosures of your PHI, outside of an HIE, by CHC/SEK as outlined in this notice. Additional information regarding electronic health information exchanges is available at <http://www.khie.org>.

### **Changes to the Terms of this Notice**

We can change the terms of this notice, and the changes will apply to all information we have about you. The new notice will be available upon request, in our office, and on our website.
